<b>OPTION 3: FREE DOWNLOAD OF ZERO SUICIDE ASSESSMENT TOOL</b>	<b>Free</b>	Organizations are welcome to download a PDF of the Zero Suicide Implementation Assessment Tool for their own reference and planning purposes.
<b>Additional HOURLY CONSULTATION</b>	<b>\$200</b>	One hour of consultation with I-Lab staff
<b>Follow-up Assessments</b>	<b>\$4,000 (Option 1)</b> <b>\$2,000 (Option 2)</b>	One virtual or in-person follow-up assessment and report within 18 months of the previous external or facilitated internal self-assessment. Follow-up reports include charts of changes in implementation ratings over time.
<b>Travel to Site</b>	<b>Varies by location</b>	Fees for cost of travel for in-person assessment or consultation will be negotiated based on location.
<b>Individual a la carte services from OPTION 1</b>	<b>Varies by service</b>	Examples: Collection of consumer input, document review, key informant interviews with verbal report

*\*The Oregon Zero Suicide all-staff web survey includes all questions from the Zero Suicide Institute (ZSI) Workforce Survey and additional questions needed to score the Oregon Implementation Assessment Tool. For external assessments, organizations may provide the results from a recent ZSI Workforce Survey instead of asking staff to complete the survey a second time. In that case, some Oregon indicators might not be scorable unless the organization opts to survey staff again using a shorter survey limited to the additional questions needed to score those indicators.*
